Correction

The address contained in the last newsletter for the August swap meet in Rochester, IN was not correct. The correct address is 6557 N. St. Rd. 25, Rochester, IN 46975 and has been corrected in the list of upcoming area shows in this issue.

Ron Ballard, R.I.P.

At the April 2023 Wheaton show, I learned from Dick Schroeder of the passing of Ron Ballard, 77 years old, from Elk Grove Village, Illinois on December 8, 2022. Ron was big into lightning rod balls and threadless insulators before giving them up due to health reasons.

His interest in insulators perhaps came from his long-time employment by ComEd. Perhaps his intensity toward collecting came from his experience in the U.S. Marine Corp during the Vietnam War where he was awarded two purple hearts, a silver star, and other decorations.

In the early years of the hobby, Ron frequently attended the shows in the Chicago area but had not attended any of the recent ones.

Tama, Iowa Show Report

The 26th Hawkeye State Insulator Swap Meet returned to Tama, Iowa and the familiar Tama Civic Center on Saturday, June 3, 2023. Situated next to the railroad tracks with excellent lighting, easy in-and-out, no cost for table rental, and Midwest hospitality, the swap meet drew collectors from Iowa, Missouri, Illinois, Indiana, South Dakota, Wisconsin, and one dealer from Massachusetts.

As usual, the activities began on Friday evening with a gathering at the home of show host Dave Shaw and his cousin Rhonda. About a dozen collectors enjoyed seeing Dave's collection, talking insulators, and snacking on cheese, meats & crackers. Eventually the crowd headed to the local Meskwaki Indian tribe casino for the buffet where conversations continued.

This may be the last time the group makes the trek for dinner to this establishment since the cost of the buffet plus automatic tip for a large group added up to \$39.99 per person!

Dealers (with number of tables in parentheses) included Pat & Sherrie Miller (1), Bill & Lind Connell (1), Bill & Jill Meier (1), Tom Murphy (1), Jim & Mary Joan O'Conner (3), Riley Armstrong 91), Boone & Jennifer Jeffers (1), Bill Snell, Arlan Johnson (1), Rick Thompson (1), Patrick & Chuck Moyland (1), Rick Soller (1), Dennis Seltrecht (1), Josh Dondorf (2), Dave Shaw (1), Gene Hawkins (1), Steve Hedum (2), Dennis & Jeanne Weber, and Jeff, Jennifer, Dory, Larry, & Pat Whitlock (2).

Others in attendance included Skip Lowe, Deb Booker, Ross Huth, Greg Delia, Wayne Duzinski, Dave Dahle, Jon Brinck, Andy Swanson, Doug Schinker, and a few new collectors.

The strong attendance was despite the upcoming National in Logan, Utah a week later. In fact, the close timing of the two shows may have helped the swap meet as Bill & Jill Meier used the event as a stopping point on the way to the National from Massachusetts and several other collectors from the east planned to continue west after the show.

Jim O'Conner saw the most action at the swap meet as he was downsizing his collection and filled his three tables with choice pieces. A CD 159 Gregory and a mint CD 151 NATCO quickly found new homes. Some great color, power pieces, and other rarities were other insulators that were part of a feeding frenzy.

An auction of 84 lots of insulators and related items saw good participation by both dealers and sellers. By the 10:10 a.m. starting time, 20 people had signed up for a bidder number with 13 of them placing winning bids. On the seller's side, 9 dealers contributed items to the auction with all of the lots selling, bringing in \$71 in commissions for show expenses. 34 lots in the auction sold for \$1, providing bargains for the winning bidders. On the other hand, the highest priced lots included \$60 for a box of wood pins, a \$45 lightning arrestor, \$35 for a box of railroad tags, forms, & envelopes, and \$20 to \$25 for various Bell Telephone glass paperweights. Full results are found below.

Notes from the National

The June 9-11, 2023 National in Logan, UT was a huge success. The venue, although not attached to either show hotel, was spacious, well lighted, and had easy access. Unloading went smoothly, no problems were noted with show security, sales were strong, and displays were great.

Several club members made the long trip to the event. Rick Soller drove the 1400 miles in two days while it was reported that Jason Townsend and his fellow collector-companion did it in one day. Arlen and Tina Rienstra took an extended trip before and after the show with a total of about 14 days on the road. Bob Stahr flew into Salt Lake City on Thursday, rented a car and drove to Logan, returning the same way on Sunday morning. Les Christensen came with his daughter, Tammy Walsh, although their mode of transportation wasn't learned. Other drivers to the show included Riley Armstrong and Gene Hawkins.

Two club members had displays, both winning awards for their efforts. Arlen Rienstra won the NIA Threaded Glass Best of Category award for his display of Hemingray ice aqua glass insulators. Accenting the display was a custom-made neon sign with the words "Hemingray Glass." This award is named the "Woody" Woodward award, giving it special cachet. Rick Soller too first place in the specialty category with his display of oil insulators. Several rarities were included in the display including a purple CD 240 Pomona and porcelain oil cups from England.

Club president Bob Stahr presented the club award for "Best Exhibit Using Power Insulators," voted on by club members at the show. The winner was Jay Bernasek for a display that included various "eared" insulators. The award consisted of a one-of-a-kind drawing by Gus Stafford of a Mershon insulator on a crossarm.

Jay Bernasek's display that won the GCIC Award for Best Use of Power Insulators.

Club members Rick Soller (left) and Arlen Rienstra (right) with their display award and first place category trophies. Rick took first place in the Specialty category and Arlen won first place in the Threaded Glass category.
